

AVflex 8000 technical specifications

AVflex 8000 solvent-wash system

Designed for prepress departments with limited space, AVflex 8000 offers everything you need to process solvent-wash plates up to 12" x 18". Ideal for tag and label applications, this multi-function system includes a 2-brush rotary washout unit, exposure section, oven and plate finisher.

12" x 18" 2-Brush Rotary Washout

2-brush rotary washout provides efficient plate processing. Washout operations are controlled by a SmartPanel processor. Features include automatic drum positioning with forward and reverse job for easy removal of plates.

12" x 18" Exposure/Oven/Finisher

The Exposure/Oven/Finisher is equipped with digital timers, a 3-drawer purge oven with exhaust and a separate drawer for light finishing.
